Dongar knows that you care about your personal information. Your privacy is important to us. This Privacy Policy explains what personal information and data we collect from you and how we use it, whether you access online (www.dongartechnologies.com), via a mobile application or any other means now existing or which may be developed in the future. Please read this Policy with care.

BY VISITING THE SITE, YOU ARE ACCEPTING THE PRACTICES DESCRIBED IN THIS PRIVACY POLICY.

This policy is prepared in compliance with the requirements of the Personal Information Protection and Electronic Documents Act (Canada)(“PIPEDA”), Freedom of Information and Protection of Privacy Act, R.S.O. 1990, c. F.31 (Ontario), Act Respecting The Protection Of Personal Information In The Private Sector chapter P-39.1 (Quebec), the General Data Protection Regulation (EU) 2016/679 (“GDPR”), the California Consumer Privacy Act, Cal. Our nominated person for privacy matters and data protection is Kevin Sayo and his contact details are privacy@dongartechnologies.com.

1. What Personal Information Do We Collect?

We collect information to improve our services and your experience on the Site. We collect the following types of information:

- **Information that you give to us.** We collect and store any information that you enter on the Site or that you otherwise give to us. For instance, you provide us with information if you search for a product, place an order, register on the Site, complete a questions/comments form, add a product review, or send e-mail to us. As a result of these activities, you might supply us with such information as your name, address, phone numbers, e-mail address, credit card

and other financial information, passwords and password hints, and the names, addresses, e-mail addresses, and phone numbers of the people to whom you ship purchases. You can choose not to provide certain data, but then you might not be able to take advantage of many of our features and services.

- **Information that is collected automatically.** We collect and store certain types of information when you visit the Site or otherwise interact with us. For example, we use various methods and technologies to collect information so that we can learn about how you use our Site, including cookies, Flash cookies, and web beacons, as further described in this Privacy Policy, and web logging, which allows us to collect the standard information that your web browser sends to websites you visit, such as your IP address, browser type and language, and the site you came from, as well as the pages you visit and the links you click while using our Site. We may use software tools such as Javascript and Google Analytics to measure and collect session information, including page response times, how long you visit a certain page, the ways that you scroll or interact with a page, and methods that you use to browse away from a page. We may also collect information about your computer or mobile device, unique device identifiers, browsing history, time zone settings, purchase history, and geolocation information. Note that most mobile devices provide users with the ability to disable location services. Please contact your mobile service carrier or device manufacturer for that information.

- **E-mail communications.** To make our e-mail more relevant to you, we may include a web beacon or other tools that provide us with a confirmation that you have opened an e-mail that we have sent to you, if your computer supports such features. We may also compare our customer list with lists that we receive from other sources, to avoid sending duplicate or unnecessary messages to our customers. You can adjust your communication preferences by contacting Dongar via e-mail at privacy@dongartechologies.com.

- **Information from other sources.** We may receive information from other sources and add it to the information about you that we store. For example, we may receive updated delivery and address information from carriers or other third parties; information about your web searches; credit history information; or information from other merchants or third parties that provide services for us. We may also receive information from businesses or organizations with whom we offer co-branded products or otherwise collaborate.

2. Comments and User Content.

Certain features on the Site may allow you to submit content that is designed to be visible to other users, such as comments, recommendations, reviews, and ratings. Any information that you disclose in these submissions becomes public, along with your screen name or ID, any image or photo, or other information that you have made available. The Site may also allow you to submit geolocation data that may be associated with your content (both within Dongar and publicly on the Site). Most mobile devices and browsers provide users with the ability to disable location services. Please contact your mobile service carrier or device manufacturer for that information.

3. How Do We Use Cookies and Similar Technologies?

The technologies we use for the automatic data collection described in this section may include: • **Cookies, pixels, web beacons, and other tracking.** Our Site may use cookies, web beacons or pixels, Flash cookies, HTML5 local storage, and other similar technologies. We use these technologies to manage your access to the Site (e.g., so you don't need to repeatedly enter your password), to recognize you and provide personalization (e.g., so you don't see the same ads too frequently), to measure traffic patterns and help us understand how our users use our site. You can change the settings on your browser to opt out of receiving cookies delivered by the Site, but you may not be able to access certain areas or features on our Site or Services if your computer does not accept cookies from us. Please note that Flash cookies operate differently from browser cookies, and cookie management tools available in a web browser will not remove flash cookies. To learn more about how to manage Flash cookies, you can visit the Adobe website and make changes at the Global Privacy Settings Panel.

• **Analytics.** We may enter into contracts with third-party service providers to collect non-personally identifiable data on behalf of Dongar and provide us with information, reports, and analysis about the usage, general location information, and browsing patterns of users of the Site.

4. How Do We Use The Information That We Collect?

• **To provide you with services and to communicate with you.** Our primary goal in collecting information is to improve your experience on our Site. We use

your information to customize certain features of the Site, for instance, to tailor your experience to the type of device you are using to access the Site. We may use your history, for instance, to recommend certain content to you.

We also use the information that we collect to provide you with the services that you've requested, such as allowing you to access or submit content and to fulfill any orders for products.

We also use your personal information to contact and communicate with you. For instance, we use your information to provide you with legal notices or to advise you of any changes to the Site or to our Terms of Service or this Policy.

We may also use information about you and your activities on the Site to send you offers, promotions, and information that may be of interest to you. If you do not wish to receive such communications, you can adjust your communication preferences by contacting Dongar via e-mail at privacy@dongartechnologies.com.

- **To provide you with relevant advertising.** We may display offers from our partners or advertisements to you. We use the information that we collect from you to allow advertising to be targeted to the relevant audience. For instance, we may use demographic and preference information that you provide to deliver targeted advertising. This allows users to see the advertising that is most likely to interest them and allows our advertisers to provide their content to people who are most likely to be receptive. If we disclose information to third-party advertisers, it is only in aggregate or de-identified form.

- **To improve the Site.** We may do research into our users' demographics, interests, purchasing behavior, and the ways they use the Site. In doing these analyses, we may use the personal information that you provide to us in addition to the data from our server log files or from surveys. This research allows us to better understand our users and to improve our products and services. We may share aggregated, de-identified data with advertisers or other businesses. We may also match user information with third-party data, subject to the terms of confidentiality agreements. For example, we may use information from other companies to customize certain services to your geographic area based upon your IP address.

If you are based in Canada, the EU or in California, we will only use your personal information for electronic marketing purposes if we are allowed to do

this by law or if we have your consent. If you agree to us providing you with marketing information, you can always opt out at a later date. If you would rather not receive marketing material from us, please let us know at any time by contacting us via e-mail at privacy@dongartechologies.com.

Processing is necessary for the performance of a contract to which you are a party. If you fail to provide this information, we may be unable to perform the contract. Processing is necessary for compliance with our legal obligations and for the purpose of the legitimate interest pursued by us or a third party, except where your rights as a data subject override our legitimate interest.

6. How Do We Share Information That We Receive?

In the future, we may sell, buy, merge or partner with other companies or businesses. In the event of such a transaction or transactions, we may include your information among the transferred assets.

We also share information about our users and customers in aggregate or de-identified form, and nothing in this Privacy Policy restricts our use of aggregated or de-identified information in any way.

Please note that it may be necessary to disclose your personal information and your opt-out preference to third parties to allow them to remove or suppress your name from future solicitations.

In addition, we may use or share your personally identifiable information in the following circumstances:

- **Service providers.** We have contracts with third parties to provide services on our behalf, such as credit-card and payment processing, shipping, e-mail distribution, list processing, analytics, and promotions. We provide these service providers with only the information that they need to perform their services, and we have written agreements that prohibit them from using this information in any other way or sharing or reselling the information.

- **Contests and promotions.** We may display contests and promotions on the Site that are sponsored by companies other than Dongar or that are co-sponsored by another company and us. Some or all of the personal information that you provide in connection with such a contest or promotion may be shared with the sponsor. The exact rules may vary in each case but the specific rules for any contest or promotion will state how that information may be used. You can decide not to participate in the contest or promotion if you don't want your personal information to be shared, but you may not be able to participate if you chose not to share personal information.

- **Legal process and other special circumstances.** We may disclose your information, including personal information, in response to a request from law enforcement, a subpoena, or a court order, or when we may otherwise be required by law. We may also disclose or use your personal information in special cases when we have a good faith belief that disclosing or using this information may be necessary to (1) identify, contact, or bring legal action against someone who may be violating our Terms of Service; or (2) protect our rights or property, including protecting against the misuse or unauthorized use of the Site; or (3) protect the personal safety or property of other users of the Site or the public.

From time to time we may send you e-mail about products and services that we think may be interesting to you. If you do not wish to receive these communications, you can use the “unsubscribe” feature in each such email or send us an email at privacy@dongartechnologies.com.

We may occasionally send you an e-mail inviting you to provide a product review, feedback or participate in a survey. This feedback allows us to improve our Site. Unless otherwise stated in the invitation, any information you provide will not be shared with third parties except in aggregate form.

You can choose to receive e-mail in either plain text or in HTML format. When we send you e-mail in HTML format, we may include a web beacon or pixel so

that we can determine whether you have opened the e-mail. We will share this information only in aggregate form.

If you contact us by e-mail, we will use your e-mail address to respond to you. Please exercise caution in disclosing personal information, as email sent over the internet is not necessarily secure.

Our Site may offer a “send this by email” feature that allows you to inform a friend about a product we offer. We may save the e-mail addresses that you provide, for your future convenience, but we do not use them for any other purpose.

9. Links to Other Sites.

The Site may also contain links to third party websites. The Site may contain links to other Internet websites for the convenience of users in locating information, products, or services that may be of interest. If you access a third party website from a link on this Site, any information you disclose on that website is not subject to this Privacy Policy. It is possible that these links may be used by third parties or others to collect personal or other information about you. Dongar is not responsible for the privacy practices of such websites, advertisers, or third parties or the content of such websites and it is your sole obligation to review and understand the privacy practices and policies of these other websites. Dongar does not control these third parties’ use of cookies, collection of information, or how they manage such information.

10. How Do We Protect Your Information?

Dongar has implemented commercially reasonable physical, technical, and administrative controls and procedures to protect the information that we collect. Unfortunately, no method of storage or transmission over the Internet can be 100% secure, and so we cannot guarantee that your information will not be accessed, disclosed, altered, or destroyed by breach of any of our physical, technical, or managerial safeguards. Please help keep your account safe by using a strong password.

11. How Do You Review Or Change Your Personal Information?

If you would like to review or update the personal information that you have provided to us, please logon to your account or send an email to privacy@dongartechtechnologies.com or contact us by mail, and we'll provide you with a summary of that information. This provision does not apply to information that we collect automatically from your device or browser, as described in Section 1, above.

12. Your Rights Under Data Protection Law (If You Are Based in the EU)

If you have created an account with us, you can sign into your account to access and update your information. You can manage your marketing preferences at any time via your account.

You have a right to ask us to confirm whether we are processing information about you and to request access to this information ('right of access'). You also have the right to be informed of the safeguards we have in place relating to any transfers of your information to another country.

You may ask us, or we may ask you, to rectify information you or we think is inaccurate, and you may also ask us to remove information which is inaccurate or complete information which is incomplete ('right to rectification'). If you inform us that your personal data is inaccurate, we will inform relevant third parties with whom we have shared your data so they may update their own records.

We want to ensure that your personal information is accurate and up to date. If any of the information that you have provided us with changes, for example if you change your email address, name, payment details, or if you wish to cancel your registration, please let us know using the contact details at the end of this policy.

You have a right to obtain your personal data from us and reuse it for your own purposes, perhaps for another service, without hindering the usability of the data ('right of portability'). This right does not apply where processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in us.

You have a right to seek the erasure of your data (often referred to as the ‘right to be forgotten’). You may wish to exercise this right for any reason, for example where it is no longer necessary for us to continue holding or processing your personal data you may withdraw your consent. You should note that we are entitled to and reserve the right to retain your data for statistical purposes. This right is not absolute, as we may need to continue processing this information, for example, to comply with our legal obligations, or for reasons of public interest.

You have a right to ask us to restrict our processing of your information (‘right to restriction’) if: (a) you contest its accuracy and we need to verify whether it is accurate, (b) the processing is unlawful and you ask us to restrict use of it instead of erasing it, (c) we no longer need the information for the purpose of processing, but you need it to establish or defend legal claims, (d) you have objected to processing of your information being necessary for the performance of a task carried out in the public interest, or for the purposes of our legitimate interests. The restriction would apply while we carry out a balancing act between your rights and our legitimate interests. If you exercise your right to restrict processing, we would still need to process your information for the purpose of exercising or defending legal claims, protecting the rights of another person or for public interest reasons.

You have a right to prevent us from processing your data for the purposes of marketing.

If you would like to exercise any of your rights above, please let us know using the contact details at the end of this policy. We will act in accordance with your instructions as soon as reasonably possible and there will be no charge.

You have a right to report any of your concerns about our use of your data to the relevant data protection authority in your EU country.

13. How Do We Respond To “Do Not Track?”

At present, there is no standard or agreement on how to respond to “do-not-track” signals that may be sent by web browsers. Accordingly, Dongar currently does not take any action in response to these signals. We may reassess how to respond to these signals if and when a final standard is established and

accepted. In the meantime, you can opt out of many advertisers' use of cookies to tailor advertising to you by visiting <http://www.aboutads.info/choices/>.

14. How Do We Protect Children's Privacy?

Dongar does not sell products for purchase by children. The Site is not intended for anyone under the age of 18, and especially not for children younger than 13. If you are under the age of 18, you may not use the Site except with the permission or involvement of your parent or guardian. If we learn that we have collected any personal information from a child under the age of 13 without verification of parental consent, we will delete that information from our database as quickly as possible.

If you are based in the European Union, the above provisions relating to children's privacy generally apply to children under the age of 16, but this may vary across different member states.

15. How May We Change This Privacy Policy?

Dongar reserves the right to change this Privacy Policy at any time. Any such changes will be posted on this page. If we make a significant or material change in the way we use your personal information, the change will be posted on this page thirty (30) days prior to taking effect and registered users will be notified via e-mail. We may also post a notice on our Site. If you access or use the Site or Services after the effective date of the change, you agree to be bound by the updated Privacy Policy.

We do not sell the personal information of consumers we actually know are less than 16 years of age, unless we receive affirmative authorization (the "right to opt-in") from either the consumer who is between 13 and 16 years of age, or the parent or guardian of a consumer less than 13 years of age. Consumers who opt-in to personal information sales may opt-out of future sales at any time.

To exercise the right to opt-out, you (or your authorized representative) may submit a request to us by emailing us at privacy@dongartechnologies.com.

Once you make an opt-out request, we will wait at least twelve (12) months before asking you to reauthorize personal information sales. However, you may change your mind and opt back into personal information sales at any time by emailing us at privacy@dongartechnologies.com.

You do not need to create an account with us to exercise your opt-out rights. We will only use personal information provided in an opt-out request to review and comply with the request.

Non-Discrimination

We will not discriminate against you for exercising any of your CCPA rights. Unless permitted by the CCPA, we will not:

- Deny you goods or services.
- Charge you different prices or rates for goods or services, including through granting discounts or other benefits, or imposing penalties.
- Provide you a different level or quality of goods or services.

- Suggest that you may receive a different price or rate for goods or services or a different level or quality of goods or services.

However, we may offer you certain financial incentives permitted by the CCPA that can result in different prices, rates, or quality levels. Any CCPA-permitted financial incentive we offer will reasonably relate to your personal information's value and contain written terms that describe the program's material aspects. Participation in a financial incentive program requires your prior opt in consent, which you may revoke at any time.
